Re: Reference Letter -- Simpson Environmental Services, Inc.

To Whom It May Concern:

I would like to take this opportunity to thank Simpson Environmental Services, Inc. for the outstanding level of workmanship exhibited on my projects over the last twelve months. During this time, they provided services including Mold Remediation, Duct Cleaning and Air Quality Documentation, Selective and Building Demolition with the Subcontract Values of these multiple projects totaling over one million dollars.

While our scope of work identified only certain areas to address, they went beyond the contractual limits in order to complete the job and do it right. It's that type of professionalism that makes Simpson Environmental Services, Inc. such a valued subcontractor.

Their entire team was very responsive, the work excellent, and the level of professionalism superb. I can assure you that Simpson Environmental Services, Inc. is at the top of our list of demo, mold remediation, abatement and selective demolition companies.

Please feel free to contact me should you have any questions.

Sincerely,

A handwritten signature in black ink that reads 'John T. O'Connor'.

John T. O'Connor
